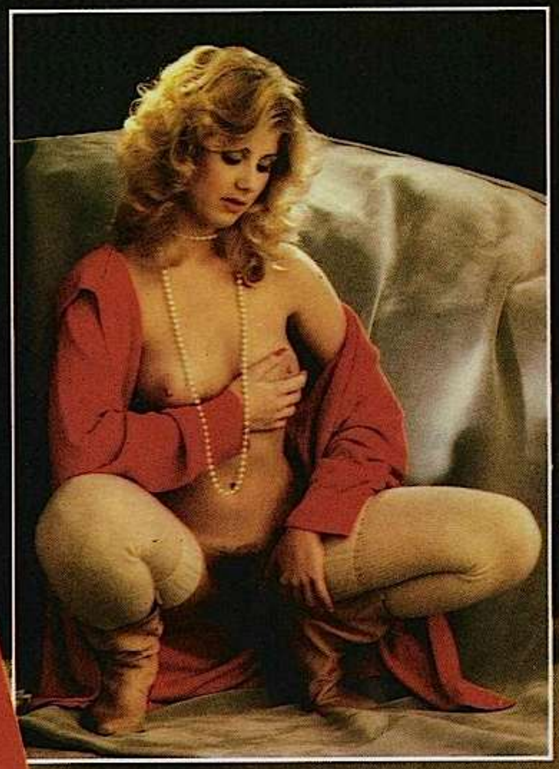
CARRIE

PHOTOGRAPHED BY EDWARD HOLZMAN

She's into the occult. Not just the Tarot and I Ching, but spells at midnight and witches covens. Crazy as a coot, of course, but then she's from California after all. She's in deadly earnest. She's proud of that cloak, says it reminds her of the malevolent dwarf in "Don't Look Now," and intends to wear it to her first Sabbat. In the meantime, since she doesn't actually know of any covens in her neighbourhood, she's happy to hold a few ceremonies of her own at home. She's very good at sexual magic apparently, and swears she can make a man come just by whispering in his ear. But she's a bad person to cross. Once an ex-lover sneered at her beloved cloak and called her Little Red Riding Hood. She had some of his old finger nail clippings and started making a voodoo doll of him. At first he just laughed, but then his hair began to fall out. He rang her to apologise — too late. In the end he had to crawl. Another time some college kid mooned at her from a passing car. "You goddam little jerk," came the witty retort, "I'm gonna ram your moon up Uranus!" (That's what we thought she said.)



CLAIRE

PHOTOGRAPHED BY OLIVER UNGER

Didn't know blue could be such a warm and inviting colour, did you! But then a lot of the credit should go to the indelibly memorable Claire – she of the accommodating manner and knowing smile. Not only do you know that she knows what you're thinking, she clearly thinks it's a great idea! She's had a lot of experience and knows a few great variations on the old carnal routine. "They

used to say I majored in sex at college, and I guess it's true. I was wild, I collected the scalps of all the best looking boys and there isn't much I haven't tried. And I'm always willing to learn. When I get a new trick I try it out on my boyfriends. Two of them are married now, but we get together now and then. I'm like a marriage counsellor. I stop them from fooling around, you know? I kinda help to keep them faithful." She may have studied philosophy at college, but her logic leaves a lot to be desired.

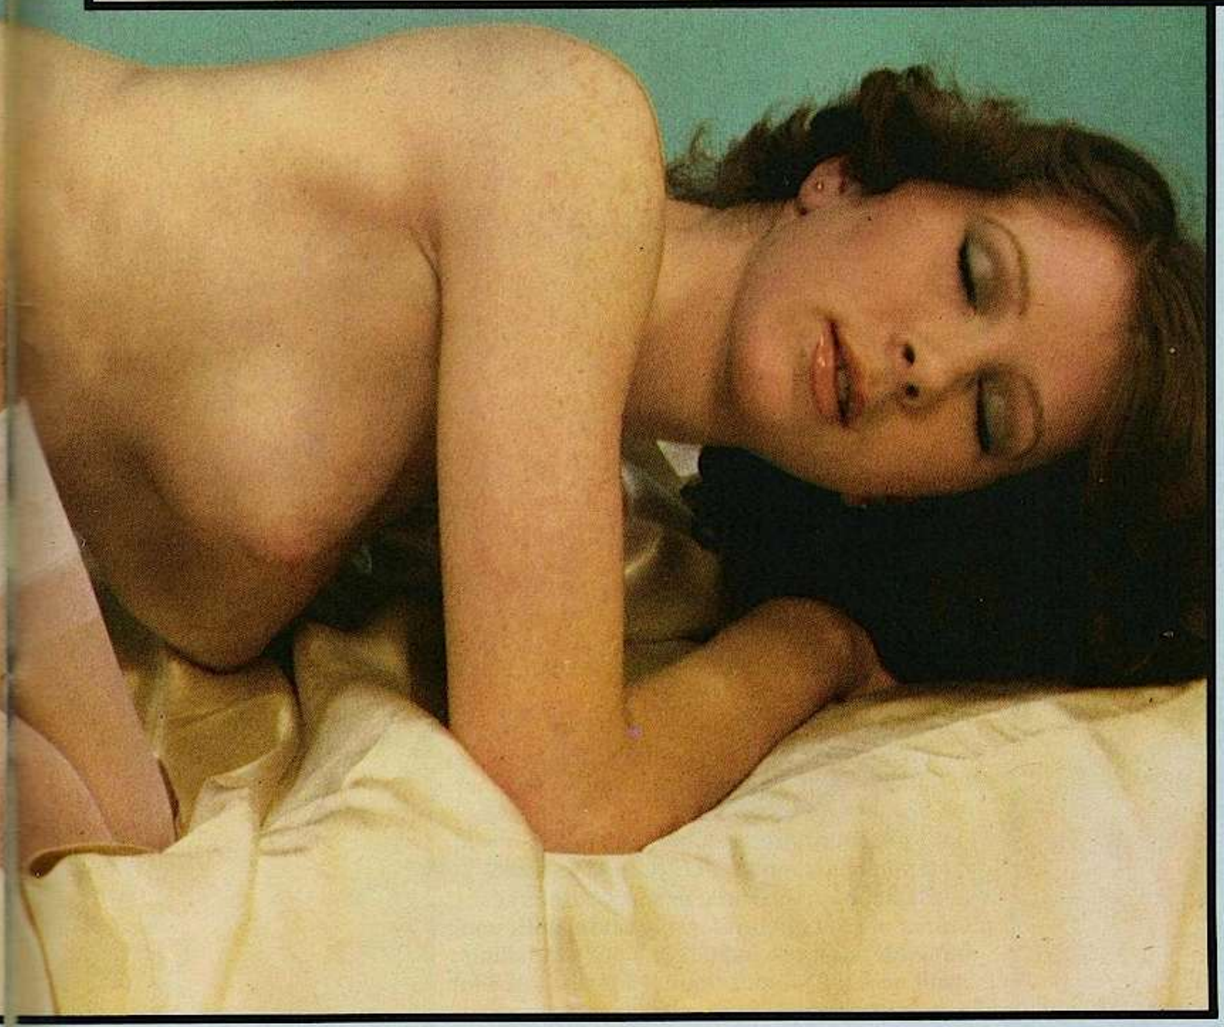
Marion Giles

PHOTOGRAPHED BY DAVID PAUL

AMATEUR MODEL OF THE MONTH

Can you read minds? Can you tell what someone's thinking by the expression on their face? Well, in Marion's case — think before you delve too deep. She's a cauldron. There's a maelstrom of sex boiling away just beneath the surface, all ready to be unleashed on some poor unsuspecting chap. As far as we know, she hasn't got a regular boyfriend lined up back home in Herts. — but when she does decide to let herself go the local lads won't know what's hit them. Take our word for it — her fantasies bite! After her day under the lights, Marion was delighted with her starring role — and with her £150! Surely there must be a few other unsung heroines out there.



A STAR FOR A DAY

Experience a little glamour under the lights and prove you're as good as our other models. As our Amateur Model of the Month you'll be the star of a photo-session shot by a professional photographer in a fully equipped studio — and with a top make-up artist in attendance. So come on girls, send us three recent pictures of yourself (preferably nude) with your name and address included. Your modelling fee will be £150 — and there's a further £25 for the enterprising photographer who brings you to our attention. Let's hear from you **now.**

Melisande

PHOTOGRAPHED BY CAESAR GUEST

Last time around (Knave Vol. 13 No. 11) we admitted that Melisande was an unknown quantity. Now we can reveal that she's a French Canadian (Canadienne?) and lives in California. There the trail goes cold. Not so, the lady herself. She is clearly up to her old tricks again. To put it politely, playing with

herself. To put it precisely, with her finger firmly on the 'on' button. This seems to be a favourite hobby — at least in front of a camera. "If I know I'm going to be doing a sexy photo session I kind of save myself up for it — making love to a camera really gets me off." Us too, lady.

PHOTOGRAPHED BY SERGE JAQUES

YVETTE

Serge Jaques is a professional photographer and a professional Frenchman — not necessarily in that order. Girls who would normally sear you with a glance have known to wilt in his presence. It's not just the accent either, most of his models are as French as he is — like Yvette.

She's 18 years old, as sweet as she looks and eager to please her photographic mentor. As far as she's concerned this beats the hell out of working in her mother's shop — and pays better. She clearly has a crush on Serge. Before her English fractured completely, she told us she used to be keen on athletics until she discovered boys. Now that she's discovered men . . . (be still my beating heart!)
